Experiment 3

Business Model Canvas of Woman Entrepreneur Network

- Business Model Canvas of Woman Entrepreneur Network

1. Key Partners: Organizations and people who help run the business (mentors, banks, NGOs, investors, etc.).

2. Key Activities: The main tasks the platform performs (building the app, organizing events, mentoring).

3. Key Resources: Assets needed to operate (the platform itself, community, mentors, tools).

4. Value Propositions: The core benefits offered to users (networking, mentorship, funding access, skill-building).

5. Customer Relationships: How the business interacts with its users (personalized mentorship, community support, workshops).

6. Channels: The ways the business reaches and serves customers (website, app, social media, events).

7. Customer Segments: The groups of people the business serves (aspiring and existing women entrepreneurs, freelancers, startups).

8. Cost Structure: The major expenses involved in running the business (platform development, events, staff, marketing).

9. Revenue Streams: How the business earns money (membership fees, sponsorships, workshops, ads).
